About Greenwich Volcare

Greenwich Volcare was started in June 2000 to provide flexible breaks for Carers by offering support to people in their own homes. Support is given by full time volunteers who can provide help with things like social activities, company and companionship and help to ensure the safety of the person you care for while you are away from the home.

In certain circumstances, volunteers can also accompany a family on holiday to assist with the caring and enable a carer to have a more relaxing holiday (in the British Isles only).

Our aim is to build up relationships gradually, and only when everyone is happy about it, will the volunteer take over from the Carer.

Greenwich Volcare is a project of Carers' Support (Bexley), a registered charity no 1075801.

Details of Service

Any carer caring for someone over the age of 18 can use the service and each family may book up to 28 days per year (Between 1 April and 31 March).

At the moment (ie in the current Covid-19 pandemic), most Carers are finding a half day break at a time suits their needs best. This is also easier for our volunteers than a whole day (which is what we usually provide) as wearing a facemask for 7 hours or more at a time is difficult for them.

We are therefore currently offering half-day breaks on a weekly basis instead of 28 whole days a year. However, we can be flexible about this. If you need a longer break for any reason, please discuss this with us.

Our volunteers will wear a face mask and/or visor at all times when in your home. They will keep a 2 metre distance from the person they are looking after where possible. For this reason, they will not be able to help with personal care or medication at this time.

They are not expected to do any heavy domestic tasks such as cleaning windows, but they can help with other things, like accompanying the cared-for person on local trips: for example going out for a walk or to the shops. He/she is also there to provide companionship and to ensure that the time spent with the cared-for person is a positive experience for them both. At all times the volunteer's role is to do all they can to assist, rather than take over, and help the cared for person maintain any independence they already have, as well as promote and encourage it. It is important to remember that the volunteer is there because they want to help and they need to know that they are valued. For their part, volunteers are aware that they are guests in your house and should respect your wishes about how things are done.

The service is free but there may be an expense incurred if you ask to have a break that finishes after 9pm (see Health and Safety section).

Volunteers cannot accept any personal payment but donations are welcome which should be sent direct to the office (please do not send cash).

Eligibility

The service is aimed at Carers who do not receive any other breaks provided by Greenwich Council (Royal Borough of Greenwich, or RBG). Before you can receive our service we will need to contact the RBG social services department to ascertain what services you are already receiving from them (if any). **We will ask for your consent before we share your details with the Council.**

About Our Volunteers

Our volunteers are young people, mostly from overseas, who commit themselves to working with Carers' Support Bexley/Greenwich Volcare for between 6-12 months. We provide them with accommodation and living expenses. They are able to work daytimes, evenings, overnight and at weekends so that Carers can have a break when they most need it. However, we do not provide any cover over the Christmas and New Year period and usually do not cover Bank Holidays.

All volunteers have an enhanced police check (known as a DBS) and a clear Police check from their country of origin (if they do not normally live in the UK).

How to access our service

Please contact Maria Jenkins or Margaret Arnold, Service Managers on 020 8302 0198

Referrals for the service can be made by families themselves or by someone on their behalf. Once we have contacted RBG to check that you are not receiving any breaks services from them, and you have come to the top of our waiting list, the Service Manager will arrange an appointment to talk to you on the phone in order to discuss what needs you and the cared-for person have and whether we can help. Consideration will be given as to whether a volunteer can carry out the tasks involved without problems or risk to their own safety or that of the person requiring assistance.

When the Service begins

If the Assessment visit confirms we can help, a volunteer will be introduced to you. S/he will make one or more visits (depending on what is required) to get to know the person they will be looking after before you leave them alone together.

In their first few months, volunteers receive induction training provided by us. However, they also need to be trained by *you* so that things are done in the way you and the cared-for person want (subject to these falling within Health and Safety guidelines).

The planned break can take place when everyone is confident about the volunteer's ability to support the person needing care and the volunteer and the person you care for both feel that they can get on together while you are away. The Service Manager is available to support these arrangements and provide any additional training if needed.

Consent

We require the consent of the person you care for before the service can take place. If, due to illness or disability, the cared for person might not have the capacity to consent, we will carry out a mental capacity assessment and if necessary make a Best Interest Decision on their behalf to put the service in place and provide them with personal care if its necessary to do so.

Health & Safety

We are obliged to protect the health and safety of our volunteers and the person they are caring for. We may therefore have to ask you to comply with certain requirements. For example: volunteers cannot be asked to care for someone if that person smokes and there is no smoke free place for the volunteer to carry out their role. Other factors we have to take into consideration include the environment the volunteer will be working in or any electrical appliances they may be using. If the volunteer will be leaving your home after 9pm, we may ask you to pay for a taxi for them to ensure that they get home safely.

Emergencies

Please ensure that you give your volunteer the telephone numbers of people who can be contacted in an emergency. If there are any special situations that they may have to cope with, please let them or the Service Manager know. The volunteer will have access to a member of staff in cases of emergency as well.

Cancellations

If you cancel with less than 48 hours' notice and we are unable to offer the time to another Carer, we will still have to count the break as part of the 28 days you are entitled to receive in the year.

When families cancel breaks at short notice it does mean that our limited resources are not being put to best use. We understand that, at times, breaks have to be cancelled due to sudden illness or an unexpected event, but please do not cancel at the last minute because you have changed your mind. Our volunteers could, if we had been given enough notice, be caring for someone else and giving a much needed break to another family Carer.

Please be aware that if you call to cancel on a Friday afternoon (for a weekend visit) or call at the weekend to cancel for Sunday or Monday, unfortunately we may not be able to advise the volunteer of the cancellation. This is because we do not have the funding to enable us to have a member of staff in the office all the time. Staff do check the office answering machine for messages over the weekend from time to time, but we cannot guarantee that your message will be picked up in time. Therefore, the volunteer may arrive as planned and you will have to tell them when they arrive that they are not

required. If they arrive and you are not at home, they will try to call you, or will call the member of staff who is on call to advise them, and we will call you to find out what is happening.

Occasionally, Greenwich Volcare will have to cancel a break because your volunteer is ill. We cannot replace them with another volunteer, as we do not have a pool of volunteers available for such circumstances. We are sorry about the inconvenience and disappointment this will cause you, but we do not have funding to cover such occurrences. However, when a holiday break has been booked, we will make every effort to cover this if we can.

Insurance

Although every effort will be made to meet your needs and provide a volunteer for the times/dates you request, we cannot guarantee a service for specific periods. It is therefore very important that you take out the necessary insurance to cover for cancellation if you book and pay for a holiday. It is also in your interests to provide insurance cover for any damage which may accidentally be caused by a volunteer in your home. Volunteers are covered by public liability insurance through the charity.

Equality and Diversity

Greenwich Volcare aims to promote equality of opportunity. Therefore, families wishing to use the service will not be discriminated against on grounds of race, gender identity, disability, sexual orientation, age, religion or belief. This also applies to the acceptance of volunteers into the organisation. Any racial or sexual abuse or harassment of volunteers while they are with families may lead to the service being withdrawn.

English is the only language spoken by Carers' Support (Bexley)/Greenwich Volcare staff. However, we will try to find an interpreter or signer if they are available. Please let us know if you require this service.

On going support from Greenwich Volcare

If you decide to use our service on an on-going basis, it will be necessary to introduce other volunteers to you from time to time. Either the Service Manager or another volunteer you already know will bring the new volunteer to meet you and the person you care for. Even if there is no change of volunteer, the Service Manager will need to visit you from time to time (and at least once a year) to ensure that the details you gave us originally are still up to date and review the Support Plan. Please let us know as soon as possible if there are any changes to your circumstances or to the needs of the person you care for, especially if medication changes.

Donations

The funding we receive only covers the day-to-day running of the service. We rely on donations in order to provide any "extras" which are needed. For example, birthday and Christmas presents for the volunteers, items of furniture for their flat, office equipment and other unforeseen expenses. If you are satisfied with the service you receive from us and would like to make a donation, cheques should be made payable to **Carers Support (Bexley)**, and not Greenwich Volcare, and sent to the address

on the front of this Guide. You may also donate directly to our bank if you prefer. Our bank details are on page 8.

Comments and Complaints

Greenwich Volcare is keen to provide a service that meets the needs of individual carers and those they care for. We aim to respond to your needs within the limitations of our resources. We therefore welcome any comments or suggestions you wish to make. You will be asked to complete a questionnaire about what you think of the service offered. This will help us to make any changes that might improve the service and also help with the organisation's continued funding. You may request a copy of the results.

Of course, we hope that it never happens, but if you are unhappy with our service and wish to make a complaint, we have a complaints procedure, which is towards the end of this document. Please don't think that you will lose the service or be a nuisance by complaining — we need to know!

How to contact us

If for any reason you need to contact your volunteer or the Service Manager, please telephone the office on **020 8302 0198**. You can leave a message on the answerphone if no-one is available. You can also contact us by email: greenwichvolcare@carerssupport.org

Statement of Confidentiality

Any verbal or written information you give to Greenwich Volcare will be treated as confidential unless you tell us otherwise. Staff and volunteers may need to share information with their supervisor within Greenwich Volcare, but we will not pass on anything to anyone outside the organisation without your consent (apart from in the situation described below).

In order to give a good service, it will be necessary for us to keep certain records, including written information about the health and care needs of someone for whom we are providing care. We will also need to keep a record of the names, addresses and telephone numbers of any emergency contacts you have given us. This information will be stored securely and used only for the purpose for which it was supplied. The only people who will have access to it are the project staff members and the volunteers who will be providing the care.

The only exception to the above will be:

- where we have concerns about the well-being of a child or vulnerable adult, or where a third party may be harmed if the information is not disclosed, where it relates to the risk of self-harming, or where a crime has been or is likely to be committed. The decision to disclose information will be taken in conjunction with the Chief Executive.

If you wish to see the records we hold about you, you may do so at any time, provided you give us reasonable notice. You may be asked for some form of identification so that we can verify that you are the person to whom the information relates.

If you require any further information about Greenwich Volcare's policy on Data Protection and Information Sharing, please do not hesitate to contact us.

Compliments

Have we provided a good service? If so, please let us know!

greenwichvolcare@carerssupport.org or call us on 020 8302 0198

Would you like to make a donation?

Our Service is free of charge to carers, but in order to continue to provide this service, we do rely on voluntary donations. If you would like to help us in this way you can send a cheque payable to **Carers' Support (Bexley)** or donate directly into our bank account. Our bank details are:

Account: Carers' Support (Bexley)

Sort Code: 40-52-40

Account Number: 00009013

Regular monthly donations are also appreciated. We will always ask anyone donating if they are a tax payer, and if so, claim Gift Aid from your very kind donation (with your permission). If you would like to talk to someone about making a donation or setting up a Standing Order, please contact our Admin Office on 020 8302 8011. Thank you.

Do you want to Complain?

If you are dissatisfied with the quality of service received from Greenwich Volcare we take this very seriously and you have the right to make a complaint if you wish to do so. Examples of complaints could include: dissatisfaction with the speed at which we have responded to your enquiry, a staff member being late for or missing an appointment, lack of courtesy from a member of staff or volunteer. However, this list is by no means exhaustive. If you are unhappy about any aspect of our service, we need to know about it so that we can put things right. Please do not think that by complaining you will lose our service.

How do I make a complaint?

1. Talk to the member of staff responsible for the service you are using:

For the Greenwich Breaks Service this is the Service Manager (020 8302 0198). You may speak to them on the telephone, face to face at the office, or by making an appointment for them to visit you at home. They must listen to you. You can ask to be supported throughout this complaint by an independent individual or organisation. Greenwich Volcare will provide an interpreter or signer for you if you wish.

If your complaint is about that staff member, you can write or talk to the Chief Executive or you can write to the Chair of the Management Committee. Please mark any correspondence 'Private and Confidential'. Within 7 days of telling us about your complaint, you will receive an acknowledgement in writing that we have received a complaint from you.

2. Tell the person you speak to the reason for the complaint, where, when and how things happened and say how you felt about the episode.

3. You can tape or write the complaint down. This must be done together with a staff member so that you are in agreement with what has been stated and you should be given a copy for your records.

What will we do about your complaint?

1. The staff member dealing with the complaint will try and resolve the matter and will ask you what action you wish to be taken. He/she will then tell the Chief Executive and/or the Chair of the Management Committee about the course of events.

2. Within 28 days of receiving your initial complaint, we will inform you in writing of the outcome of the investigation we have carried out into your complaint. If you wish, you can also meet again with the staff member to talk about what has happened.

3. If you think your complaint has been resolved, then the procedure is complete and will be reported to the Management Committee at the next meeting.

What if I am still not satisfied?

1. If the complaint has not been dealt with to your satisfaction, you can meet with the Chief Executive or the Chair or another member of the Management Committee who will investigate your complaint and try to resolve the matter.

2. If you are not satisfied with the decision of the Chair or member of the Management Committee, then you have the right to go to your MP or Councillor and ask for help. You also have the right at any stage of the procedure to refer the complaint to the Area Office of the Care Quality Commission if you wish. Please address your complaint to: London Region, CQC, Citygate, Gallowgate, Newcastle Upon Tyne NE1 4PA.
Review Date: January 2021
